

Patong Beach 25/6/09

Dear Dr. Vardi,

Even in remote places like
PHI PHI Island/Phuket people speak of
you with admiration!! We befriended a
couple from the UK here in Thailand, and
(as usual among the over 50's) spoke of
our health... that is when your name
emerged. Two happy/healthy patients
from SA and the UK, related their
"Dr Vardi experience" with enthusiasm.
We will have a drink to your health
tonight! Kind regards from
