Dear Glen,

The DePuy team would like to thank you most sincerely for taking the time out of your busy practice to join us for the LCS 35 year celebration meeting in Berlin last week.

We were delighted with the quality of the meeting from both an academic and organizational perspective and it was a great opportunity to reunite with the faculty who have led the research and teaching of the LCS system. It is a rare feat for products to last so long, and with such success, in a world of immediate gratification and change.

We trust that you enjoyed the event and that the discussion and learnings will add value to your practice.

Our team is excited about the future of LCS and the rest of the DePuy knee portfolio. We remain committed to keeping you informed about the progress of our products and look forward to bringing you new developments as they occur.

Once again we thank you for your loyalty and continued support.

Kind regards,
